Archibald Home Ceremonies

25 ISD High School students will attend the cornerstone ceremony at the Archibald Memorial Home for the Deaf on May 5th. Teachers Leithia Whited, Brian Brizendine, and Pamela Haring will accompany the students on the Field Trip. Students will follow-up with discussions and written reports.

The cornerstone ceremonies will feature the opening of a "time capsule" sealed in 1936. The opening is scheduled to begin at 11 am. Participants are encouraged to bring lawn-chairs, lunch and drinks for a picnic, and to come early (suggested arrival time: 10 am) to "shake hands and hug."

Parent/Student Directory Update

The Superintendent's Office wishes to thank the parents who responded by returning the parent/student directory form mailed recently to all ISD families. Due to fact that only 25% responded, the Superintendent's Office will not publish a directory for this school year.

However, a directory will be available for the 1993-'94 school year.

Deaf Heritage Week

ISD's Parent Teacher Counselor Organization has agreed to co-sponsor a "Field Day" at ISD during National Deaf Heritage Week (September 1993) for the purpose of encouraging interaction between ISD students and Deaf students from other programs.

Community members wishing to assist the Superintendent in this endeavor may contact his office.

Visitor and Information Center Special Projects Coordinator Winona Alter will serve as coordinator for the school's Deaf Heritage Week activities.

Superintendent Proclaims Teacher Appreciation Day

ISD Superintendent Eddy Laird has proclaimed -

Tuesday, May 4th 1993
Teacher Appreciation Day.

The event is part of National Teacher Appreciation Day.

The Superintendent invited members of the ISD community to join in honoring those who play vital roles in shaping the future by helping to mold minds and train tomorrow's workforce.

BIBI Thought for the Week:

"Research shows that maintaining the native language while acquiring English does not deter from English acquisition; furthermore, bilingual children may have important cognitive and social benefits."

Dr. Kenji Hakuta, *Stanford University, at the annual conference of the Association of College Educators - Deaf and Hard of Hearing - 1993*

The ISD Campus Bulletin is published weekly throughout the school year.

Athletics Updates

Chaperon Needed

ISD's Athletic Department is seeking a female staff member to travel to Atlanta with the Girls' Basketball team and coach Tom Perkins to attend the Mike Glenn Camp June 19th - 26th. (Comp-time/overtime approved.)

Contact Acting Athletic Director Mike Paulone for additional information.

Track & Field Highlights

ISD Boys' Track & Field won a Team 1st at the Kentucky Invitational (team will have possession of travel trophy for the season). ISD Girls' Track & Field placed 2nd. Middle School Girls' Track & Field picked up a 1st in the 400 M relay, 100 M dash in the meet against Heritage Christian.

From the Past

ISD History by Winona Alter

On November 7th 1931, there was an Arbor Day program presented at the Indiana State School for the Deaf. twenty-eight trees (maple, oak, and elm) were planted in the vicinity of the building now known as Alumni Hall. (At that time 125 specimens of virgin timber remained standing on the school's grounds.)

Each class planted a tree in memory of some notable person. Some of those selected for this honor were Otto Pittenger, Thomas Gallaudet, Theodore Roosevelt, Thomas Edison, James Whitcomb Riley, Orson Archibald, Ulysses S. Grant and Abraham Lincoln.

Fall Soccer Program

The Athletic Department hopes to establish a soccer program for grades 1 - 4 for the fall of 1993. Persons with an interest in coaching please contact Acting Athletic Director Mike Paulone.

Athlete of the Week

Trisha Boyd motivated the team to make their best effort and helped the coach keep the team "on track"!

F.Y.I.

State Employees who are in TRF (Teachers' Retirement Fund) - Should you decide to take early retirement, you can continue state employees' health insurance by paying the premiums (providing you meet certain qualifications). This coverage is comparable to that offered by local school corporations.

Thank You

A "great big 'thank you'" to all the secretaries for their thoughtfulness during Secretaries Week.

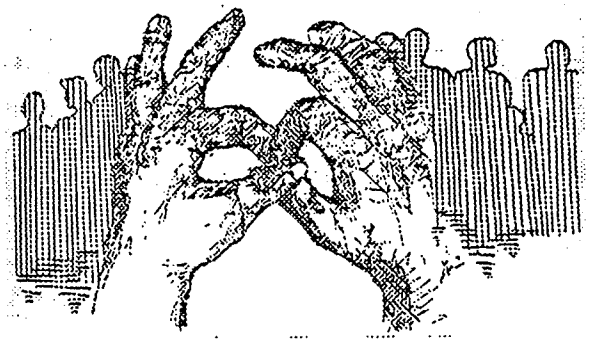
The following interpretation of ISD's motto, "Through Unity, Identity, Through Identity, Pride," was written by ISD's High School honors class in response to the question - "What does *that* mean?"

We all have a need to belong. When a group of people UNITE with a common purpose and a common mind, they foster within their group a strong sense of IDENTITY - who we are.

As Deaf united with other Deaf, we identify ourselves through our common language, culture, values, and mores. We bring our own unique talents and strengths to the group. This sense of identity raises our self-esteem and PRIDE.

We are proud to be Deaf! We identify with other Deaf! We are united as Deaf!



A group of High School students will clean-up Willard Park as part of the Indianapolis Parks and Recreation Department/ GLAD Bag-a-thon. A tree will be planted at the park at 11 am in a ceremony celebrating the revitalization of the historic site.

Teri Miceli will transfer to the Indiana School for the Blind as of May 9th.

Computer Update

ISD's new Computer Services Coordinator, Dave Tester, wants to know how the school's computer users are doing. With staff input, Tester has developed a new Repair and Assistance Request Form for use when requesting repairs or assistance. This form will help in attending to staff needs equitably.

Tester plans to set up a Computer Services Committee (5 - 7 people) that will meet monthly to help guide ISD in modernizing to meet changing needs. The committee will represent the various areas on campus.

He explained that criteria for committee membership should include the desire to modernize the school's computers, and some degree of understanding of computers and the jargon that accompanies them: "RAM," "hard disk," "laser printer," "dot-matrix printer," "SVGA," "network," "MHz," "CPU." Persons interested in joining the committee are encouraged to contact Dave and discuss it.

Tester has completed an inventory of all hardware on campus, including kind and location, serial numbers, type of CPU, software, and user(s). That information is entered into a database (Paradox for Windows).

After discussing computer needs with department heads and reviewing consultant Phil Braven's report from last fall, Business Manager Mike Burk and Tester ordered twenty-three 486 class computers bundled with Microsoft Office (includes MS Word for Windows (Word Processor), Excel (spreadsheet), Powerpoint (presentation program), Mail (electronic mail), with 24 pin color capable dot-matrix printers. The user's needs other than this package will be added after the arrival of these computers.

The Learning Resource Center is beginning to develop an educational software library. The Center's office, Alumni Hall Room 225, has some catalogs on file now and will be accumulating more. All software now in use on campus will be stored in the software library.

Staff input will be solicited prior to the purchase of any software. Users who know of programs they would like to have are encouraged to make requests (through supervisors) to ISD Computer Services Coordinator Dave Tester or to the Center.

Tester concluded, "Please continue to give Marsh grocery stores your business and send all receipts from the store to me. Liz Foster has done an incredible job to this point in collecting and organizing these receipts and we thank her immensely."

The Elementary Department has already received several items for their computer lab. The school receives a $1500 grant from Marsh for each $200,000 worth of grocery receipts submitted.

"I want to thank all of you for your support and encouragement for our school becoming the best."
